New York, NY (August 13, 2013) – Effie Worldwide announced today the launch of a new Effie Korea program. Created in partnership with AD STARS, the Effie Korea program will celebrate marketing effectiveness in the Republic of Korea. Effie Worldwide is known globally as the leading champion of
marketing effectiveness.

Effie Worldwide’s signature initiative, the Effie Awards, is recognized throughout the industry as the global standard of marketing effectiveness excellence. With the addition of the Effie Korea program, Effie Worldwide’s international network now expands to 40 national programs and 4 regional programs.

“With the expanding economic growth in the region, marketers face an increasingly competitive landscape. The challenge is to make your work stand out and be as effective as possible,” said Mary Lee Keane, President of Effie Worldwide. “The Effies allow marketers to prove just that. The Effie Korea program is a key addition to the Effie network.”

Effie Worldwide’s new partner, AD STARS, will organize the Effie Korea program. AD STARS runs an international advertising festival in Busan and has a strong network in the region. The first Effie Korea program will take place in 2014.

The 2013 AD STARS Festival will take place August 22-24, 2013. The festival will feature a special segment on the Effies presented by Judd Labarthe, an experienced Effie judge, presenter, and Effie Award-winner. The presentation will present recent Effie-winning cases and discuss what it takes to win an Effie.

“There is no award specializing in marketing effectiveness in Korea. Effie Korea will be a good opportunity to develop the scientific approach in evaluating marketing communication campaigns in Korea,” said Hwan Jin Choi, Co-Chairperson of the AD STARS Executive Committee.

Finalists and winners in all Effie Awards programs will be included in the Effie Effectiveness Index (http://www.effieindex.com), which ranks the most effective agencies, marketers and brands in the industry by analyzing finalist and winner data from worldwide Effie competitions. The 2014 Effie Effectiveness Index rankings will be announced in June 2014.
